3034-32 CM

Plastic Lawn Rake with Handle / 3034-32 CM

Brand

Bellota

EAN code

8414299611458

Use

It has never been so easy to clean the lawn, gather leaves or
other waste.

Bullet points

Your garden will always be clean. Easily sweep up leaves or grass clippings without damaging the lawn.

It won't let you down. Extra-large, one-piece polypropylene part with maximum flexural strength. The working width of the prongs is 820mm, so you can cover large areas and finish in just a few sweeps.

The wooden handles are varnished, very lightweight and pleasant to the touch and are FSC-certified (environmental certificate for responsible forest management).

Description

Extra-large garden broom, with FSC wooden handle, with plastic
flat prongs for lawn cleaning.
