

10" FILTER HOUSING

Premium Water Filtration Solution for Residential & Commercial Applications

PRODUCT OVERVIEW

The 10" Filter Housing delivers reliable, high-performance water filtration for both domestic and industrial applications. Engineered with non-toxic materials and certified to international standards, this housing provides comprehensive protection for your water systems and appliances.

KEY FEATURES

- **Universal Compatibility** - Designed for standard flat seal cartridges
- **Drinking Water Safe** - Non-toxic materials certified for potable water applications
- **Easy Installation** - Complete with wall mounting bracket and opening spanner
- **Durable Construction** - Built to withstand demanding operational conditions
- **Multi-Application Design** - Suitable for residential and technical installations

APPLICATIONS

Residential Use:

- Drinking water filtration and treatment
- Protection of household appliances (washing machines, dishwashers)
- Tap and faucet protection
- Boiler and water heater safeguarding

Commercial & Technical Use:

- Pre-filtration and micro-filtration systems
- Pump and heating system protection
- Water softener protection
- Demineralizing equipment
- Chlorine removal systems
- Reverse osmosis (RO) unit protection

TECHNICAL SPECIFICATIONS

| Parameter | Value |
|-----------------------------|-----------------------|
| Housing Size | 10 inches |
| Cartridge Compatibility | Standard flat seal |
| Thread Connection | 3/4" BSP |
| Maximum Working Pressure | 8 BAR |
| Maximum Working Temperature | 45°C (113°F) |
| Housing Width | 133 mm |
| Housing Height | 315 mm |
| Material | Non-toxic, food-grade |

Included Accessories

Wall bracket, opening spanner

CERTIFICATIONS & COMPLIANCE

This filter housing meets the highest international standards for water treatment equipment:

| Certification | Region | Status |
|---------------|----------|--------|
| DM 25 | Italy | ✓ |
| ACS | France | ✓ |
| NSF/ANSI | USA | ✓ |
| EAC | Eurasian | ✓ |

PACKAGE INCLUDES

- ✓ 10" Filter Housing Body
- ✓ Wall Mounting Bracket
- ✓ Opening Spanner Tool
- ✓ Installation Hardware

Note: Filter cartridges sold separately. Select appropriate cartridge based on your specific filtration requirements.
