## Why choose an Elvion water softener?

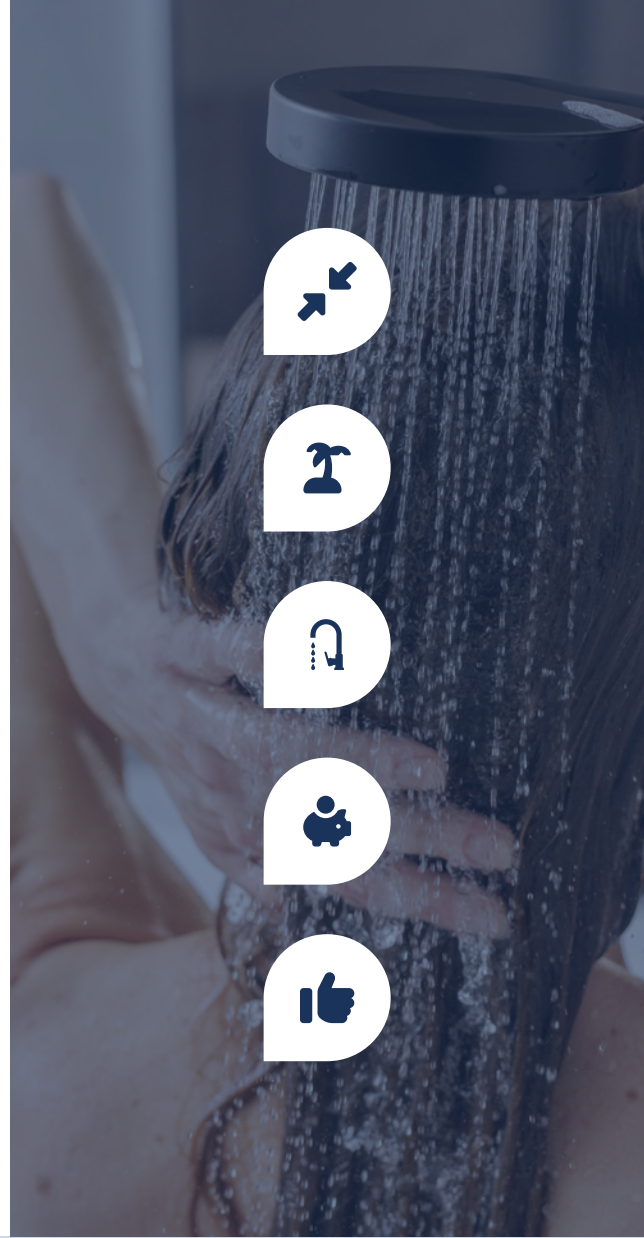

- **Protect Your Home:** Hard water causes limescale, which damages pipes, appliances, and heating systems. Elvion NEO shields your home, extending the lifespan of your investments.
- **Save Money:** Softened water means less energy consumption, fewer repairs, and reduced use of detergents and cleaning products. Enjoy real savings every year.
- **Feel the Difference:** Softer water is gentle on your skin and hair, leaving them feeling smoother and healthier after every shower.
