

TDR3000

DIGITAL TYRE INFLATOR

The Jamec Pem TDR Tyre Inflators have set the standard for over 30 years. Introducing the new TDR3000 Digital, with the same tough aluminium housing as the original and redesigned to make a more compact and ergonomic inflator for the workshop and driveway forecourt. Now with a larger, easy to read backlit LCD screen which displays psi, kPa or bar at the press of a button.

FEATURES

- Multi-scale LCD display
- Dual hold-on chuck
- Impact absorbing bumpers
- Tough precision die-cast body
- Certificate of calibration
