Our photographs are an accurate representation of our cakes however as each cake is handmade, decoration details may vary and colours may not be exactly as shown.

What are the finishing touches and where do they appear?

Stars or flowers are included as standard on all celebration cakes and you can customise your cake to suit the occasion by choosing from a range of finishing touches. These range from small edible images to handmade sugar decorations and two are included free of charge.

Choose **up to two** from music notes, hurl & sliotar, GAA football, Rugby ball, soccer boot, sugar printer soccer ball, handbag, heel shoe, lipstick, nail varnish, teapot & cup, mini-sugar tractor, a deck of cards, butterflies & golf bag.

Note: Regards 8" round cakes, two finishing touches might not fit with a novelty photo.

What is the difference between Chocolate Sponge and Chocolate Maderia?

Our sponge is a traditional recipe using eggs, sugar and Flour, sometimes called a fatless sponge. This has an open texture with a more delicate flavour as distinct from our Maderia recipe which has a denser texture and a richer chocolate flavour. You will get more servings from a Maderia cake and the shelf life of a Maderia cake is longer.

What option do I have for Inscription Colour and text?

Our standard inscription colours are Pink, Blue, Red, Black, Light Green and Yellow. A custom colour can be requested at an extra charge of €3. We will do our best to provide the text colour you request.

An inscription is included in the costs. We reserve the right to refuse potentially offensive messages. Please check your spelling and print text clearly. Your inscription will be limited to a maximum of 35 characters.

Can I add a Photograph to the cake?

You can add an icing sugar photograph to all celebration cakes, with the exception of Fresh Cream cakes, at an additional cost of €5. To add an image to your cake, please email your photograph to orders@oconnorsbakery.com once cake is ordered and you have received an order number. Please include this order number when sending your image.

Please ensure your photograph is of good quality and is uploaded directly from a digital camera or smart phone when possible. We reserve the right to refuse potentially offensive images.
