Our photographs are an accurate representation of our cakes however as each cake is handmade, decoration details may vary and colours may not be exactly as shown.

### **What are the finishing touches and where do they appear?**

These finishing touches range from small edible images to handmade sugar decorations and two are included free of charge.

Choose **up to two** from music notes, hurl & sliotar, GAA football, Rugby ball, soccer boot, sugar printer soccer ball, handbag, heel shoe, lipstick, nail varnish, teapot & cup, mini-sugar tractor, a deck of cards, sugar hearts, teddy bear, lego, flower, airplane, unicorn, stars and balloons butterflies & golf bag.

Note: Regards 8" round cakes, two finishing touches might not fit with a novelty photo.

### **What is the difference between Chocolate Sponge and Chocolate Madeira?**

Our sponge is a traditional recipe using eggs, sugar and flour, sometimes called a fatless sponge. This has an open texture with a more delicate flavour as distinct from our Madeira recipe which has a denser texture and a richer chocolate flavour. You will get more servings from a Madeira cake and the shelf life of a Madeira cake is longer.

### **What option do I have for inscription colour and text?**

Our standard inscription colours are pink, blue, red, black, light green and yellow. A custom colour can be requested at an extra charge of €3. We will do our best to provide the text colour you request.

An inscription is included in the costs. We reserve the right to refuse potentially offensive messages. Please check your spelling and print text clearly. Your inscription will be limited to a maximum of 35 characters.

### **Can I add a Photograph to the cake?**

You can add an icing sugar photograph to all celebration cakes, with the exception of Fresh Cream cakes, at an additional cost of €5 for an 8" cake and €7 for larger cakes.

Please reply to your confirmation email with the photo once your cake is ordered and you have received an order number.

Ensure your photograph is of good quality and is uploaded directly from a digital camera or smart phone when possible. We reserve the right to refuse potentially offensive images.
